*इसमें हिमाचल प्रदेश और उत्तर प्रदेश में एक-एक उप डाकघर का प्रधान डाकघर के रूप में दर्जा बढ़ाना शामिल है।

Telephone Facilities at Panchayat headquarters in Gujarat

299. SHRIMATI URMILABEN CHIMANBHAI PATEL: Will the Minister of COMMUNICATIONS be pleased to state:

(a) the number of panchayat headquarters in Gujarat provided with telephone facilities at present;

(b) the number of panchayat headquarters which are yet to be provided with this facility in the State; and

(c) by when these panchayat headquarters are likely to be linked with this facility throughout the State?

THE MINISTER OF COMMUNICATIONS (SHRI BENI PRASAD VERMA): (a) 11986 Panchayat Headquarters in Gujarat have been provided with public telephone facility upto 31st March, 1996.

(b) 1524 Panchayat Headquarters in the State are yet to be provided with public telephone facility.

(c) The remaining Panchayat Headquarters are likely to be provided with such facility by the year 1997.

Using out-dated weapons by army in Jammu & Kashmir

*300. SHRI JOYANTA ROY: Will the Minister of DEFENCE be pleased to state:

(a) whether it is a fact that the Indian Army is facing the militants in Jammu and Kashmir with out-dated weapons; and

(b) the reasons of maximum casualties of our defence personnel?

THE MINISTER OF DEFENCE (SHRI MULAYAN SINGH YADAV): (a) and (b) The Indian Army is equipped with weapons to carry out its conventional role. During the initial phase of militancy in J&K, the Army carried out its operations against militants with conventional weapons. However, some of these weapons were not ideally suited for anti-militant operations, since the militant groups operating in the Valley had started acquiring a wide spectrum of sophisticated weapons, like the AK series of rifles, and sniper rifles, which enabled them to generate high volume of rapid fire at close quarters. These weapons are reportedly being supplied by the ISI of Pakistan, with the objective of aiding and abetting terrorism in the State. With a view to effectively deal with the militants, steps have been taken to equip Army units operating in J&K with appropriate weapons. It has been decided to induct 5.56 mm series of weapons as a part of the modernisation plan of Indian Army. in addition, AK series of rifles and ammunitions, which are well suited to fight the militants have also been selectively inducted.
